MATISSE - VODKA

A premium vodka made from fine wheat grain and water from the Great Lakes water basin in Michigan. This exceptionally clean vodka is slightly viscous with good legs and provides a fresh alcohol aroma. Distilled 26 times then filtered through activated carbon filters, Burl & Sprig Matisse Vodka can be served neat, on ice, or in a cocktail.

Tasting Notes: Fresh aromas and flavors of dusty wheat, hints of lemon peel and white pepper with a satiny, crisp, average-to-medium body and a smooth, compelling finish with a touch of sweetness.
